Judy, I am forwarding the attached as information from Sandy to Don. I thought that the A01 report only showed 32 cases that had not been ordered??

Don,

You are showing remaining cases of 64 for promotion 601794 Doral B2G1F Dec. Program for Region 16XX. Stephen believes these cases have been already been ordered, so we are looking into it now and just wanted you to make a note on your A01 report.

Thanks,
Sandy
